## **CONTROLLER OF EXAMINATIONS**

**2018-19**

The Controller of Examinations prepares the Calendar of Examination as per the autonomous regulations, as the College is an autonomous institution. The Calendar of Examination is prepared by the Controller of Examination under the guidance of the Principal and IQAC based on the academic calendar of the college issued before the commencement of academic session. Controller prepares the examination time table and other related activities. An examination committee is constituted under the chairmanship of the principal at the beginning of the academic year. This committee helps the Controller to supervise smooth and hassle free examination sessions including Internal Assessment lists.

The Controller of Examination notifies the last date to receive the question papers for the semester end examination by the subject experts proposed by the respective departments, recommended by the principal. It is followed by the preparation and notification of a comprehensive time table prepared by the Controller. To maintain transparency examiners from various colleges are invited for the central evaluation work. The results are announced within 15 days of the last examination held on the college website.

After the announcement of results, the students are given the opportunity, if necessary to go for revaluation. They are also provided with a photocopy of the answer scripts, evaluated for their reference, as per rules and regulations.
