

PROCEEDINGS OF IQAC MEETING

Held on 22-9-2022 in the Seminar Hall from 12.30 PM

The IQAC meeting was held at 12.30 PM on 22-9-2022 in the seminar Hall of the college. The following points were discussed in the meeting and necessary actions were taken.

1. AQAR 2021-22
- Preparation and arrangement of documents
2. Programmes to be organized
3. Other matters:

Members Present

1. Prof. B.V. Sambashivaiah, Chief Executive
2. Prof. M.P. Vijayendra Kumar, Principal
3. Prof. T.V. Latha
4. Dr. Poornima M
5. Dr. B Y Sathish Kumar
6. Dr. M. Chethan Kumar
7. Dr. Prathibha, S.
8. Dr. Syed Hajira Begum
9. Dr Ravikumar N
10. Dr. Prabhuswamy
11. Dr. R. Suhas
12. Mr. Mahesh C
13. Dr. C. Mallikarjuna Swamy
14. Dr. Rajendraprasad N, IQAC Coordinator
15. Dr. Nijayal B-S

Proceedings

Welcome

The Principal of the college Prof. M. P. Vijayendra Kumar, extended whole hearted welcome to the president of the meeting Prof. B.V. Sambashivaiah, Chief Executive, JSS College of Arts, Commerce & Science, Ooty Road, Mysuru and all the Honorable members who were nominated to be represented from teachers, administrators, local society, alumni, industrialists and stakeholders. He also welcomed the IQAC coordinator and requested to proceed further about the meeting.

The IQAC coordinator Dr. N. Rajendraprasad presented about the salient features of the college, the statistics on the past recent admissions of UG programmes and the results of undergraduate and postgraduate programmes, faculty profile, recent activities conducted under IQAC, outcomes and the initiatives of previous meeting and action taken report. Several initiatives have been put before the Cell for discussion for feasibility of implementation.

Dr. A. Balasubramanian (Retd.), Professor, DOS in Earth Science, University of Mysore, has applauded the functioning of the college and IQAC. He advised the college to take the initiatives to implement couple of unique best practices to the benefit of stakeholders. He suggested the college to enhance the number of permanent teachers. He felt that the strategic plan has to be developed for creating the students with skills for practice to possess positions with demand in various organizations. In response to the faculty empowerment programmes conducted in the college, Prof. Balasubramanian stressed the need for organizing such events by inviting the overseas experts. The next generation Faculty Development Programmes, Frontier Lecture Series on Research and Development and Pedagogy have been recommended to organize in the forthcoming months.

The CEO and Chief Scientist of Prosetta Bioconformatics Ltd, Dr. Dharma Prasad praised the efforts of Placement Cell upon looking at the significant accomplishments for progressive environment. He suggested to create a Home Page Banner on the opportunities and success rate of college's Placement Cell as an item in the website. The Placement Officer, Dr. Prakash replied about the presence of a Major Tab in the college website. The Cell expressed appreciations for the placement of about 320 out of more than 1000 registered students to the Companies, namely, Infosys, WIPRO, QSpider, etc. The members wished to further enhance the success rate. Dr. Dharma Prasad suggested to conduct Faculty

PRINCIPAL

Pedagogical programmes and special student skill development programmes. He suggested inviting the industry persons for such programmes. He mentioned about extension of his support through CII-III Panel, Mysuru Zone for such engagements. Dr. Dharma Prasad put forth the point of organizing seminars, panel discussions, conferences or some of such programmes at least one per semester by every department of the college. He poised the quality assurance through industry engagements, FDPs and programmes related to IPR. He suggested to draw the resource persons from various IT, BT and Pharma Sectors to speak on essential IP related subjects. Dr. Dharma Prasad expressed the need for analysis of demand for various academic programmes offered by the college so as to fit the best platform for learners and to enhance the ratings of the college through necessary follow-up actions.

Mr. Adarsh Konanur of IFBI Ltd, Mysuru, appreciated and congratulated the college for its placement activities. He expressed his acknowledgements for providing the opportunity in the past years to recruit a greater number of students through campus drive. He suggested to focus on sustainability environment. He too felt the frequent training programmes exclusively on skills related to employment in to various sectors.

Dr. S. Prathibha, Head, Department of Botany, put on the ways of approaching the Pre-university Colleges and to present the opportunities and amicabilities of quality culture of our college to enhance the admissions to UG programmes. Dr. Suhas of PG Department of Chemistry said about the already in practice propaganda for PG admissions. The Cell opined to make an impact and impressions through the display of information about Recruiters visiting the college for placement drive, success rate, and other training opportunities in the opening page of the college website in addition to the culture of approaching the PU and Degree Colleges for UG and PG admissions, respectively.

In respect of the admissions 2022-23 to UG Programmes, the Chief Executive Prof. B.V. Sambashivaiah mentioned about substantially increased student's enrolment to BCA, BCom and BBA and very narrowly declined admissions to BA and BSc Programmes. He has also emphasized about the better admissions took place to the college when compared with the other Private institutes of University of Mysore. Prof. Sambashivaiah appraised Dr. Prakash with applaud for Campus Placement Activities took place in the last six months. By citing the instance of offering 150 h of placement training to students at higher education institutes of

U. N.
PRINCIPAL

Tamilunadu, he has advised the Placement Cell to organize such programmes for the benefit of our students. A mention on retention of talented teachers has also been made by Prof. Sambashivaiah. He expressed high degree of consent for extending the support for research and on taking the necessary follow-ups to increase faculty permanency which is due to the Management's consent and approvals.

The IQAC Coordinator, Dr. N. Rajendraprasad given the conclusion remarks and proposed vote of thanks.

FUTURE PLAN PROPOSED INITIATIVES

- Strengthening of research activities through 'Seed Money Grant'
- To initiate student expectation survey for freshers
- To strengthen the teaching, learning and evaluation process for attainment of specific learning outcomes of students
- To prepare strategic development and action plan to start innovative and in demand UG, PG or short-term programmes
- To assess the impact on students' studies under the implemented NEP-20 in the college
- To establish the fully equipped Media Centre
- Reaching the state of Launching of in-house LMS
- Mobilization of resources and sponsors from Alumni
- Administrative training for non-teaching staff
- To enhance the number of Workshops/Seminars on IPR, Research Methodology
- To organize workshops, seminars, conferences and special lecture programmes frequently by each department
- Motivation and training of students to participate National level sports and cultural competitions

Proceedings

Welcome

The IQAC coordinator Dr. Rajendraprasad N welcomed the president of the meeting Prof. B.V. Sambashivaiah, Chief Executive, JSS College of Arts, Commerce & Science, Ooty Road, Mysuru, Principal of the college Prof. M. P. Vijayendra Kumar, and all the Honorable members who were nominated to be represented from teachers, administrators, local society, alumni, industrialists and stakeholders.

Dr. Rajendraprasad presented about the salient features of the college, the statistics on the past recent admissions of PG programmes and the results of undergraduate and postgraduate programmes, faculty profile, recent activities conducted under IQAC, outcomes and the initiatives of previous meeting and action taken report. The discussions and deliberations held in the meeting and the initiatives were proposed to work for possible implementation.

Dr. A. Balasubramanian (Retd.), Professor, DOS in Earth Science, University of Mysore, has suggested the IQAC to take steps to work out, to take necessary and feasible action to enhance the admissions to PG Kannada and English in response to the display of lesser demand for the programmes. He suggested the college to think on offering some unique programmes for Arts disciplines by utilizing Autonomy. The Chief Executive Prof. Sambashivaiah put the scenario of lesser admissions for UG programmes in Arts in most of the colleges and its consequence for declining admissions for such programmes. However, the IQAC felt to work out to think on some of the unique practices to attract the students for such programmes. Prof. Balasubramanian also took out the lower performance of students of BA IV Semester as showed in Results for Examinations held in September 2022. The lower results are due to poor performance of students especially in English Language. It was opined by the members to rectify this with certain remedies. The Chief Operating Officer of Excelsoft Technologies Ltd, Mysuru, Dr. Mahesh Jambardi recommended the college to offer the courses in Business Communication to improve the learning ability in such subjects. It was felt and suggested to present the results course-wise to look at the performance in each. Prof. Balasubramanian also suggested to look after one of the two newly indicated best practices of Competitive Examinations Training (CET) Cell of the college. He felt to make the benefits of the cell to the stakeholders from outside the college too. It was suggested to look after the research output seriously to increase the number of articles published by the

PRINCIPAL

teachers as part of the routine activity

The CEO and Chief Scientist of Prosetta Bioconformatics Ltd, Dr. Dharma Prasad M invited the college to take part actively in the Hackathon of Environmental Day on June 5 which is going to be organized by CII-III Panel of Mysuru Zone. Prof. B.V. Sambashivaiah expressed his consent to make the faculty and students to participate in the event. Dr. Dharma Prasad suggested to analyse the student expectation survey, to compare the outcomes with that of the previous years and to implement the initiatives to fulfil the aspirations. He has also advised the IQAC to organize workshops on IPR regularly. He has opined to offer at least couple of job oriented, skill based and applied courses for supporting the career of Arts students. As he felt, the college has to take care of other departments to be active in regularly organizing various academic and skill development programmes for the benefit of students.

The Managing director of Safe Wheels Group of Companies, Mr. B.S. Prashanth called the college to get the benefits from strong JSSCACS Alumni network as much as possible. In this context, Prof. Balasubramanian opined to utilize the CRS, Alumni network, teacher, and student fraternity in promoting the college activities through motivational address, special lectures, opportunities of employment, skill components etc.

Mr. Adarsh Konanur of IFBI Ltd, Mysuru, stressed to seriously look after the outcome of the programmes organized as its objective is to serve a specific purpose. He suggested to have regular engagements of target audience for improving the communication, job, and research related skills. Adarsh said to improve the marketing strategies of the college through established Alumni.

The Chief Executive Prof. B.V. Sambashivaiah expressed gratitude to the experts for having deep deliberations in the IQAC meeting for quality enhancement and sustenance. He has promised about the implementation of suggestions through needful action, especially to improve admissions to MA programmes, to boost up the research and placement activities etc. Prof. Sambashivaiah applauded the support extending by Dr. Dharma Prasad and CII to make college students to actively take part in various activities related to skills. He expressed to have significant contributions by Alumni for the development of college. He made a mention about the forthcoming Alumni Meet in the college and invited Mr. Prashanth to take part in the programme along with his connected persons who are Alumni of the college. Prof. Sambashivaiah requested Dr. Mahesh Jambardi to extend the assistance for

training of students of BVoc and MVoc Software Development programmes. Dr. Mahesh responded positively on the matter.

The IQAC Coordinator Dr. N. Rajendraprasad proposed vote of thanks.

**REPORT OF
EXTERNAL ACADEMIC AND ADMINISTRATIVE AUDIT COMMITTEE
FOR THE YEAR 2022-23**

**JSS COLLEGE OF ARTS, COMMERCE AND SCIENCE
OOTY ROAD, MYSURU – 570 025**

Introduction

JSS College of Arts, Commerce and Science is the first degree college established in 1964 by JSS Mahavidyapeetha and is situated on a sprawling 7.08 acres plot with a spacious building and a girls hostel in a picturesque surrounding at the foot of Chamundi Hills. The college is a Multi-faculty, Co-educational and autonomous College affiliated to the University of Mysore. The college is re-accredited by NAAC with 'A' Grade (CGPA: 3.21) and recognised as College with Potential for Excellence by the UGC. The college is contributing to the Vocational Education at Graduate and Postgraduate levels through DeenDayalUpadhyayaKaushal Kendra and Kaushalya Karnataka schemes of UGC and GoK, respectively. The College has been recognized as 'Research Centre' under University of Mysore to undertake research in nine subjects, namely, Physics, Chemistry, Mathematics, Biochemistry, Biotechnology, Kannada, English, Commerce and Social Work. The college is hosting the Community Radio Station 'JSS Radio 91.2 FM' which was sanctioned by the Ministry of Information and Broadcasting of Govt. of India since 2021. The College aims to provide need-based, skill integrated, cost-effective, quality and holistic education for transforming the students into a globally competitive, employable and responsible citizen. The college offers BSc (18), BA (10), B Com, BCA, BBA, B Voc (03: Food Processing & Engineering, Software Development, and Animation and Multimedia), MSc (08: Physics, Chemistry, Mathematics, Computer Science, Biotechnology, Biochemistry, Botany and Zoology), M Com, MA (02: English and Kannada), MSW, M Voc (2: Food Processing & Engineering, and Software Development), MCA and Ph D (09: Kannada, English, Social Work, Commerce, Biotechnology, Biochemistry, Physics, Chemistry, Mathematics). In addition to the above, Advanced Diploma in Animation & Multimedia and Retail Management, PG Diploma in

1
Bheademp  

Protein Scale up and Expression [sanctioned by Government of Karnataka under BISEP] and others, are also offered. Students are given opportunity to study various COCs.

The academic activities of the college are well supported by a dedicated and qualified 178 teaching staff of which 56 have Ph D and 06 have MPhil degrees. The college is being supported by 60 non-teaching staff. The total student strength of the college for the year is 3526 of which 2359 are from UG, 1120 from PG and 47 from PhD programmes. In the year 2022-23, 06 scholars have successfully secured PhD degree under the supervision of present and superannuated teachers in the college who are recognized guides of the University of Mysore. An esteemed tradition of acknowledging excellence ensures the top three achievers in each program honored with cash prizes, endowments, and certificates at the annual Graduates' day. Further, the college's illustrious alumni, now thriving as researchers, writers, politicians, administrators, and bureaucrats, maintain a nostalgic and affectionate bond with their alma mater. Students are actively engaged in extracurricular and co-curricular pursuits, including NCC, NSS, and various sports activities. The college provides extensive sports facilities, including a sizable ground, indoor and outdoor stadiums. The NCC and NSS units' spirited participation in state and national-level camps and Republic Day Parade reflects the institution's commitment to holistic development. The academic calendar of the college brims with diverse events like National and State Level Seminars, Workshops, and Special Lectures, showcasing a culture of continuous improvement. Constant efforts in curriculum development and examination reforms accentuate the institution's commitment to evolving educational standards.

Each year, the college undergoes a comprehensive evaluation of its academic and administrative endeavors. This assessment is conducted by the External Academic and Administrative Audit (AAA) Committee, comprising seasoned academicians and administrators of repute. Through their extensive evaluation, the committee scrutinizes the outcomes, benefits, and overall results achieved. This external academic audit serves a dual purpose—it not only

2
Bh...
[Handwritten signatures]

assesses the quality and performance of the college's academic initiatives but also contributes to refining and amplifying the institution's vision, mission, and objectives. The establishment of such a committee stands as a tangible testament to the management's unwavering dedication to upholding excellence in higher education.

Thus, the JSS Mahavidyapeetha has constituted the External AAA Committee mentioned below to review and audit the academic and administrative activities of the college for the year 2022-2023:

Prof. T K Umesh Former Vice Chancellor (I/C) University of Mysore, Mysuru - 570005	Chairman
Prof. B Mahadevappa DOS in Commerce University of Mysore, Mysuru - 570005	Member
Prof. Vijay Sheshadri DOS in English Sir M. Visvesvaraya Postgraduate Centre University of Mysore, Mandya - 571434	Member

REVIEW BY THE COMMITTEE:

On the first day, the 16th of November 2023, the audit committee assembled in the college at 10 AM and initiated their assessment in the Seminar Hall. Dr. S. Prathibha, the Principal, extended a warm welcome to the esteemed members of the Committee, offering a comprehensive overview of the academic activities and the administrative operations for the year 2022-23.

Dr. N. Rajendraprasad, the IQAC Coordinator, delineated the objectives, role, and functions of the IQAC, detailing the meticulously planned initiatives at the start of the academic year and reporting on the progress made regarding these pivotal endeavors.

3

Academic Bank of Credits

The College is completely prepared to implement Academic Bank of Credits (ABC) framework as directed by the University Grants Commission through National Academic Depository (NAD). The college has registered in NAD portal for establishing the Academic Bank of Credits. Dr. B. Prabhusswamy, Controller of Examinations, has been nominated and registered as nodal officer, who is actively managing the whole process for ABC implementation for the convenience of college students.

Skill Development

It is observed that appropriate efforts have been made by the college to integrate adequate knowledge and skills of the students to ensure employment opportunities of the graduates. With the assistance from UGC, the college has established DDUKK, offering Advanced Diploma in Animation and Multimedia and Retail Management (Community College Scheme), Bachelor (BVoc) and Master (MVoc) of Vocation Programmes in Food Processing and Engineering and Software Development. BVoc programme in Animation and Multimedia is also offered. These programmes have the assessment at different levels in accordance with National Skills Quality Framework (NSQF).

Moreover, the college has meticulously aligned the undergraduate (UG) programs with the directives of the National Education Policy (NEP) of 2020, introducing specialized courses focused on Skill Enhancement and Entrepreneurship. Simultaneously, for postgraduate (PG) students, a consistent emphasis is placed on Skill Development training. The institution regularly hosts Skill Development and Training programs, aimed at equipping students with the essential competencies vital for both academic and corporate employment opportunities. This proactive approach ensures that students are well-prepared for diverse job sectors.

A key facet of this initiative involves the active involvement of industry experts. Through collaborations with bodies such as the Confederation of Indian Industry-Industry Institute

5

Interaction and Higher Education (CH-III & III.) Panel, Mysuru zone, notable personalities from the Central Food and Technological Research Institute (CFTRI), Excel Soft Technologies Pvt. Ltd., and other esteemed organizations, students are given the necessary exposure and contemporary skill sets offered by these industry stalwarts.

Appropriate Integration of Indian Knowledge System

At the JSS College of Arts, Commerce, and Science, a robust language curriculum includes Kannada, English, Hindi, and Sanskrit, encompassing the essence of linguistic learning. Students keen on exploring additional languages receive dedicated support and access to relevant learning resources to aid their individual pursuits. Additionally, the institution integrates the teachings of essential Indian Traditional Knowledge, exposing students to the imperative nature of preserving and understanding traditional Indian wisdom in the domains of Science, Arts, Commerce, and Vocational programs. This emphasis fosters a deeper appreciation and comprehension of India's rich traditional heritage.

Moreover, the college's induction program plays a pivotal role in sensitizing students to universal human values, ensuring that along with academic pursuits, learners are instilled with a profound understanding of ethical and universal human principles.

Focus on Outcome Based Education

The institute is dedicated to equipping its faculty members with the principles of outcome-based education (OBE) as part of a transformative shift from a teacher-centric education system to a student-centric approach. In close collaboration with all stakeholders, the institute has embraced the OBE model as a means to achieve the attainment of Graduate Attributes.

The institute's mission revolves around empowering students to acquire these Graduate attributes, emphasizing areas such as enhancing students' analytical and problem-solving

abilities, nurturing research and development skills, fostering social consciousness, refining communication skills, and cultivating employability skills.

Enrolment of Students

The college has implemented inventive strategies to increase its admission rates, effectively publicizing admission notifications through print, electronic, and social media. In the current academic year, the student body stands at 3526, comprising 2359 enrolled in undergraduate (UG) programs, 1120 in postgraduate (PG) programs, and 47 dedicated research scholars pursuing their doctoral degrees.

In the academic year 2022-23, 06 candidates successfully completed their PhD degrees from the University of Mysore under the guidance of recognized faculty members from the college. Notably, the institution hosts 30 students from different states, enriching the cultural diversity on campus.

A noteworthy aspect is that over 65% of the student population hails from rural areas, showcasing the college's commitment to providing educational opportunities to a diverse demography. Moreover, the institution maintains a healthy teacher-to-student ratio of approximately 1:20, ensuring enriched learning prospects for students.

Diverse teaching learning methods such as ICT-enabled, seminar, group discussion, project work, field work, internship etc., have been adopted for the effective learning of the students. The evaluation system has adopted the components of internal assessment and external evaluation. The internal assessments of students are by way of tests, assignments, seminar, projects and so forth. The external assessment will be made through end semester examinations.

Teaching - Learning Process: Teacher Profile and Quality

Through the presentation made by the Principal, IQAC and Heads of the Departments, it is noticed that the college has 09 aided, 170 non-aided and 10 other qualified and experienced faculty members. Out of these, 55 have PhD and 06 possess MPhil degrees. A number of

teachers from different subjects are pursuing their doctoral studies and their number stands at 18. Further, 02 faculty have been awarded with Ph D degree.

The study of Internal Academic Audit Report submitted by the college made the Committee to come to the opinion that the Statutory bodies like Governing Body, Academic Council, Board of Studies and the Finance Committee have been duly constituted as per the guidelines of the UGC and others. The college has also constituted a total of 36 committees, out of which 05 are statutory. Through these various committees the smooth execution of various curricular, co-curricular and extra-curricular activities of the college is being managed. The IQAC is proactively functioning as a quality monitoring wing.

The classrooms are equipped with ICT facilities to facilitate teaching and learning activities. Teachers actively develop e-content, including presentations, videos, and study materials, aimed at enhancing student learning experiences. Several departments have curated libraries of video lectures sourced from platforms like NPTEL, TED Talks, and EDX, significantly broadening learning horizons of the students. This diversified e-content and study materials are readily accessible to students through various channels such as the Learning Management System (LMS), Email and Whatsapp. A number of educators of the college have even established YouTube channels, offering self-created video lectures to augment learning resources. Many teachers demonstrate proficiency in managing the teaching, learning, and evaluation processes using diverse learning management platforms like Moodle, Canvas Instructure, Teachmint, Google Classroom, and others.

The college is diligently preparing to fully integrate an in-house LMS, and master trainers along with selected faculty members who are actively engaged in this process, ensuring a seamless transition and effective utilization of these resources.

During the year, a few teachers have attended faculty development programmes (FDP) undertaken and completed Swayam/MOOCs. Some have served as resource persons in various

8
President  

academic platforms of high repute. To give exposure to the students on the hands-on training, industrial visits are organized periodically.

The college is using the talent and expertise of the teachers to its best possible extent by involving them in various committees so as to provide them an experience both in academic as well as administrative aspects. Further, as part of Faculty Development Programme, teachers were deputed to various seminars and workshops at different places. It is also noticed that some of the teachers have served as resource persons in various platforms. The teaching faculty have attended 68 seminars/webinars/conferences organised by other institutions.

The college is making constant efforts to improve the academic profile of the teachers by encouraging them to involve in research activities by providing guidance to submit research project proposals to the different funding agencies, to present the research papers in conferences and to publish the work in reputed international and national journals of good impact factor and also to publish books/ book chapters. However the number of projects obtained during the period of audit appears very small.

Performance Evaluation of Teachers:

The teaching, learning and evaluation process through teachers is effectively assessed by the college. One significant way practiced is collecting the opinions from students. The IQAC of the college takes care of conducting Student Satisfaction Survey (SSS) on Teaching, Learning and Evaluation process, at the end of each academic year, by using the questionnaire prescribed by NAAC with possible customisation.

The IQAC recently conducted an online Student Satisfaction Survey (SSS) to gather insights regarding teaching-learning process throughout the year. The responses received from the students were meticulously analyzed, consolidating their opinions and observations. As per the survey analysis, approximately 84% of the students have expressed satisfaction with the current teaching methods at the college. While acknowledging the positive feedback, it is

suggested to the college and its faculty that further efforts are warranted to improve and aim for a perfect score of 100%. The aim is to ensure that every student, including the remaining 16%, experience a highly fulfilling and conducive learning environment at the college.

It is a known and established fact that the quality of teachers in Higher Education always reflects the quality of education provided to the students. Hence, the performance appraisal of teachers becomes an important component in the functioning of the college. The college has been adopting the practice of obtaining the students' feedback about the performance of the teachers on a five point scale. The present practice of analyzing the students' feedback on teachers needs to be made proactive towards improving the faculty performance and accountability of the faculty.

The college has to take self appraisal reports from the teachers and get them evaluated on the agreed system of weightage. This evaluation needs to be done externally. In addition to this, it is also essential to introduce 360 degree appraisal system including peer appraisal. If the college wishes to enhance its reputation as an Institution of Excellence it is essential to be innovative in assessing the performance of teaching faculty where a very good performer is rewarded and a poor performer is given one or two opportunities for improvement through intensive faculty improvement programmes. This will also bring in the concept of accountability among the teachers.

Promotion of Research and Facilities

In the College research leading to PhD degree has been undertaken in nine subjects, namely, Social Work, Kannada, English, Commerce, Physics, Chemistry, Mathematics, Biochemistry and Biotechnology. There are 20 teachers who have been recognised as Guides for PhD and under their supervision a total of 47 research scholars pursuing their PhD degree. It is noticed that the teachers are working on 02 major projects.

Research Publication and Awards:

Put together, 41 teachers have published 78 research papers in recognised international/national journals and books. 28 teachers have made Seminar presentations out of which 02 in State level platforms, 11 in National level and 15 at International platforms.

During the year, 03 different books have been authored by the teachers and 06 are serving in Editorial Boards of 17 various regional, national and international Journals. It is witnessed that the teachers have actively participated in 68 knowledge sharing platforms organised by external institutes along with the events organised by the college. In acknowledgment of their contributions to research in the college, Ms. Pramila, a dedicated research scholar and faculty member in Chemistry, along with Dr. Ramyashree, the Head of the PG Department of Zoology, were honored with the prestigious awards for Best Research Scholar and Best Women Scientist of the year 2022-23. These accolades were presented by the Nature Science Foundation (NSF) of Coimbatore as part of the college's distinguished awards ceremony.

Extension Activity:

Another important dimension that determines the quality of Higher Education is extension activity. The college has made significant efforts in hosting the extension activities, but the number of activities could have been higher in relation to the number of departments and also the strength of the faculty. Extension activities help to gain skills in terms of organization, evaluation and the experience. Students of PG Social Work have interacted with 10 NGOs working in different fields. This gives an excellent exposure to the students of MSW to get good orientation for the course. The De-addiction Camps are been conducted by the department periodically.

The NSS unit of the college has actively organised several social service camps in rural areas. These initiatives encompass a range of events including painting government schools, cleaning lakes and rivers, visiting old age homes, and conducting various awareness programs. The remarkable leadership and dedication of Mr. Santhosh Kumar N, the NSS Officer of the

college, were acknowledged and honored with the prestigious Best Social Worker Award of the college for the year 2022-23 by the NSF of Coimbatore.

Infrastructure for Teaching and Learning

Physical Facilities

The college boasts of exceptional infrastructure designed to facilitate teaching and learning across its undergraduate (UG), postgraduate (PG) and PhD programs. Notably, the institution takes pride in its designation as a Green Campus. This distinction was further validated as the college received the esteemed award for the 'Best Green College Campus for Students' from the NSF of Coimbatore. The campus houses 71 spacious lecture halls, along with a seminar hall and an air-conditioned auditorium, catering to various academic needs. Additionally, the college provides 39 laboratories, ensuring ample research facilities for both faculty members and researchers. ICT-enabled classrooms are readily available to enhance the learning experience. Further, enriching the educational environment, the college features specialized facilities such as a Math-lab, Language Lab, Incubation Center, Board Rooms and an Internet Center within the Library, offering students and staff an array of additional resources and spaces for diverse academic pursuits.

The college has established excellent research and training facilities for biological, chemical and physical sciences. It's essential to highlight the presence of sophisticated equipment within the college, such as spectrofluorimeters, UV-visible spectrometers, liquid and gas chromatographs, electropherographs, lyophilizers, furnaces, higher end computers, laptops, and more. These advanced instrumentation facilities created in the PG Departments of Biochemistry, Biotechnology, Chemistry, Physics, Computer Science, Kaushala Kendra and others will significantly contribute to the academic and research endeavors within the institution.

The creation of sports facilities with spacious play grounds, indoor game facilities and multi gym speaks of the importance given by the college towards extracurricular activities. The

college has a Hostel for Women accommodating 277 girl students. A Canteen and a well-maintained garden add to the infrastructural facility of the college.

The Community Radio Station 'ISS Radio 91.2 FM' is a very rarely bestowed facility to be present in institutions. It has to be utilised constructively to the best of the benefits to the college from the community.

The college has taken significant strides in embodying environmental responsibility. This commitment is evidenced through various initiatives, such as the installation of 232 Solar Rooftop Panels (SRTPs), collectively generating around 180 kW of renewable energy. Complementing this effort, the campus features rainwater harvesting facilities, maintaining a perennially lush and green environment that supports diverse flora and fauna. The institution prioritizes clean and sustainable resource conservation within the campus. To ensure the continual enhancement of its environmental status, the college routinely undergoes Energy, Environmental, and Green Audits, conducted by nationally and internationally recognized authorities. These audits serve as a robust evaluation of the institution's eco-friendly practices and further solidify its dedication to environmental sustainability.

Library

The college library is housed in a large area of 14,400 sq. ft. with a seating arrangement for 150 students. A spacious reading room facility has been provided for students and teachers with a seating capacity of 200. Library is completely computerized and the open access system (OPAC) is followed and it is highly students' friendly. The library also has an old book bank facility created with the assistance of UGC for the benefit of the students.

The library of the college is rich having 76808 books with 47922 titles, 97000+ e-books (NLIST), 108 National and 07 International Journals, 6000+ e-journals (NLIST), 422 AV Materials and 54 general periodicals. These resources, more particularly, through INFLIBNET facility need to be made more useful for students, teachers and research scholars.

The library has a section with an adequate number of book collection that meets the requirement of students aspiring to attend competitive examinations. A small book bank facility is also available in the library. The library needs to develop a repository of the research publications of the faculty members of the College.

Student Support:

It is observed that the college is providing Uniforms for sports, NSS and NCC students. Students are allowed to pay the Admission Fee in instalments. Efforts need to be made to help the institution in establishing more scholarships to the students under the banner of Alumni Association and also help the deserving students in vocational placements. It is noteworthy that the college provides recognition to students excelling in curricular, co-curricular and extra-curricular domains. Notably, Mr. Shreyas, an MSc Physics student, was bestowed with the distinguished title of Best College Student for the year 2022-23 by the NSE of Coimbatore. Such acknowledgments and engagements are believed to serve as catalysts, uplifting and encouraging students to enhance and improve their performance levels across various academic pursuits.

Students' activities and performances:

Two students from PG Department of Commerce have made paper presentations in an International Conference. Good numbers of students have attended national/international conferences/seminar.

The students of the college have participated in many inter-collegiate sports in the city, university and national levels and some of them have won prizes. Adequate opportunities have also been given to the cultural activities where in students have secured many prizes in different competitions. However, the number of such activities appears small compared to the total strength of the students in the college.

The results of examinations are impressive. The college has made earnest efforts to improve the system of evaluation in order to make it more error free, efficient and transparent. The system of quick announcement of results is laudable.

Career Guidance and Placement:

The college is responsible in educating and empowering the students to choose their career by providing opportunities to understand the methods of training, availabilities of opportunities and also to face the interviews. These are important areas for making students' career stronger and the college has conducted supportive programmes in this regard. Good number of Campus Interviews were organised by the Career Guidance and Placement Cell inviting reputed organizations to visit the college. But there is scope for increasing the number of recruitments. A Placement Officer has been appointed to work exclusively for Campus Drives for Jobs and Training of students. It is felt that, such initiatives will yield the fruitful results from the forthcoming year. This important responsibility of the college management through Placement cell to initiate more training activities to improve the placement should be taken on priority.

Administration of Financial transactions

Financial administration in the college involves a multifaceted approach to managing monetary transactions. The implemented online banking facilities for fee payments streamlined the process, ensuring efficiency and convenience for students. In addition, the institute has adhered to stringent financial protocols and standards, undergoing annual audits conducted by Chartered Accountants. These audits serve as a comprehensive evaluation, ensuring compliance with financial regulations and the transparent handling of funds. Moreover, financial management extends to budget allocation for various academic and non-academic activities, monitoring expenses, and strategizing for sustainable financial growth, ensuring the effective utilization of resources for the institution's continuous development and academic excellence.

General Observations:

The Committee had an extensive discussion and interaction with the Principal, CEO, IQAC Coordinator, Controller of Examinations, faculty members of both UG and PG departments, Librarian, Director of Physical education and Editor of Internal Audit Report. Based on the inputs from the above interactions, the Committee makes the following observations:

The Green Initiatives of the College with the installed solar power capacity of more than its requirements along with water harvesting initiative is praiseworthy. The college has adopted self evaluation system through both internal and external academic audit to ensure that all the existing activities stand the test of scrutiny. In spite of the efforts made by the college on several fronts, the Committee is of the opinion that additional efforts are needed by the Institution to achieve excellence, so that the autonomous college will ultimately get the status of a University in the years to come.

Suggestions:

The committee members after thorough discussion with the Chief Executive, Principal and IQAC Co-ordinator have the following suggestions:

The committee members noted with a concern that in spite of the many unique achievements which were highlighted during the departmental presentations, the college has been accredited with A Grade (3.21) as the highest.

The college has a set of unique attributes such as,

- a. Community Radio Station
- b. Green Energy Initiatives with rainwater harvesting and solarisation of the campus, herbarium, Plant garden, vermin compost
- c. Vocational programmes at Bachelor and Master's level in Food Processing and Engineering
- d. CoC Programmes

1. The College needs to provide information regarding Yoga Initiatives, registered Alumni Association, alumni participation and Geo tagged evidences for all initiative and achievements during the assessment period.
2. A common template prepared on the lines of AQAR be circulated to all UG/PG departments who should be directed to submit it within the specified deadline to the IQAC office for further processing.

During interaction with UG departments, the Committee learnt that in general, there has been a significant decrease in the number of students getting admitted to the UG programmes, particularly after the onset of NEP 2020. It was felt that one of the reasons to this was that there has been a misconception among students that all degree programmes are of 4 year duration. The college has to take steps to inform the students that there can be an exit after 3 years with the relevant degree and after 4 years the student gets an 'honours' degree in the concerned subject. This may aid in improving the admissions.

Report of
Six day Faculty Development Program (FDP) on
Outcome-Based Education: Implementation and Best Practices
Organized by IQAC

Duration: 13 to 18 March 2023

JSS College of Arts, Commerce and Science, conducted a Six-day Faculty Development Program (FDP) on Outcome-Based Education (OBE): Implementation and Best Practices. The program, organized by the Internal Quality Assurance Cell (IQAC), aimed to equip faculty members with the essential knowledge and skills for the effective delivering and execution of Outcome-Based Education.

The Chief Executive Prof. B.V. Sambashivaiah, in his Inaugural Address, emphasized the paramount importance and significance of implementing Outcome-Based Education in higher education institutions. He threw light about how OBE can shape the future of education by focusing on learning outcomes and student-centric approaches.

Principal Prof. M.P. Vijayendra Kumar, during his address, highlighted the urgency and necessity for educators to stay updated about the current requirements of the evolving education systems. He stressed the importance of adapting teaching methodologies to meet contemporary educational needs.

Dr. L. Vinay Kumar, the Organizing Secretary, expressed gratitude to the dignitaries, participants, and organizers, making the FDP a resounding success. Dr. L. Vinay Kumar also served as the moderator throughout the program, ensuring the smooth flow of sessions and encouraging active participation.

There were topics delivered on OBE by different resource persons. The Faculty Development Program (FDP) at JSS College of Arts, Commerce, and Science delved into crucial aspects surrounding Outcome-Based Education (OBE), offering participants a comprehensive understanding of its background, importance, and perspectives. Dr. Suhas elucidated on the best practices in teaching for effective learning within the OBE platform, emphasizing the need for innovative teaching methodologies to align with OBE principles. The session by Dr. Shivaprasad K from Matha Amritha Vidyalayam centered on Bloom's Taxonomy and its pivotal role in OBE institutions. Dr. Shivaprasad underscored how Bloom's Taxonomy provides a structured framework for creating learning objectives and aligning them with desired outcomes.

The discourse on assessment methods, strategies, and outcomes, facilitated an in-depth exploration into the multifaceted world of evaluation in OBE. Participants gained insights into the nuanced processes of assessment, evaluation, and the tangible outcomes achieved through

these methodologies. Furthermore, the session on indirect assessment, led by an expert in the field, shed light on the intricate processes involved in measuring outcomes indirectly, offering a holistic view of the educational landscape.

In the concluding remarks, Dr. Rajendraprasad, the coordinator of IQAC, synthesized the wealth of knowledge disseminated throughout the FDP. He highlighted the significance of implementing OBE practices in academic institutions, fostering a culture of continuous improvement and aligning educational methodologies with evolving global standards. The FDP, by covering diverse perspectives, provided a solid foundation for faculty members to enhance their pedagogical approaches, ultimately contributing to the overall academic excellence of the institution.

The FDP benefitted more than 13 faculty members from and off the college.

PROGRAMME SCHEDULE

DAY - 1 : 3.11.2022		
10.30 - 11.00 AM	Student Registration	
11.00 - 12.00 Noon	Inauguration	
12.00 - 12.20	About Sri Suttur Math and JSS Mahavidyapeetha	Prof. Morabada Mallikarjuna Director, Publication Division, JSS MVP
12.20 - 12.30	Brief Introduction about the College	Prof. M P Vijayendra Kumar, Principal
12.30 - 01.00	National Education Policy	Prof. N K Lokanath, Director, CDC, UoM
1.00 - 1.30	NAAC / IQAC	Dr. Rajendra Prasad, Co-ordinator - IQAC
Lunch Break		
2.30-3.00	Women Safety at Workplace	Dr. Kumudini Achchi PG Department of Social Work
3.00 - 3.15	Rules & Regulations, Culture & Ethics of the College	Dr. Vijaya Manjunatha Guru Department of Physics
3.15 - 3.30	Assessment of Students	Dr. B Prabhswamy, Controller of Examinations
3.30 - 4.00	Services in the College and Student Welfare Protection Measures	Prof. T V Latha Head, Department of Electronics
4.00 - 4.30	Introduction to Mentorship Programme & Students Participation in College Affairs	Ms. J S Vidya Head, Department of Chemistry
DAY - 2 : 4.11.2022		
10.30-11.00 AM	Outcome Based Education	Dr. R Suhas, PG Department of Chemistry
11.00 - 11.30	SWAYAM / MOOCs for Students	Dr. Kumar, Co-ordinator, SWAYAM, UoM
11.30-12.00 Noon	Library Orientation	Ms. S C Shobha, Librarian, JSS AHER
12.00 - 12.30	JSS CACS Competitive Examination Training Cell	Mr. K C Sunil Kumar PG Department of Physics
12.30 - 12.45	Placement Cell	Dr. S M Prakasha, Placement Officer
12.45 - 1.30	Orientation on Sports Facilities, NSS, NCC, Cultural Platform, Youth Red Cross	Mr. M Karthik, Mr. N Santhosh Kumar Dr. L Vinay Kumar, Dr. C R Madhusudhan Dr. K M Rajesh
Lunch Break		
2.30 - 3.00	Orientation on Language Departments- Kannada, English, Hindi, Sanskrit, Environmental Science, Indian Constitution	Dr. N Maheshwari, Dr. M Poomima Dr. M R Siddagangamma, Mr. K Shrinidhi Mr. M Arjun, Dr. K C Shruithi
3.00 - 3.20	General Introduction to Science Stream	Prof. Vijaya Manjunatha Guru Department of Physics
	Introduction to Physical Science Departments	Prof. T V Latha, Head, Department of Electronics
	Introduction to Natural Science Departments	Dr. M Seema, Head, Department of Microbiology
	Introduction to Skill Development Departments	Ms. S Shravya Head, Department of Food Processing and Engineering
3.20 - 3.35	Introduction to the Department and its activities (Commerce Wing)	Ms. K G Srilalitha Head, Department of Commerce and Management
3.35 - 3.50	Introduction to the Departments and its activities (Arts Wing)	Ms. Sujathakumar Head, Department of History
3.50 - 4.00	Conclusion	Dr. Kumudini Achchi, Organising Secretary

Report of

Programme on skill development and interaction with students

Presently India is in the inflection point where the opportunities for youths are plenty. Students of current generation are very lucky and have wider opportunities to grab jobs both in the national and in the global levels. Country has been transformed from old to new face with all provisions for the holistic development of the society. The nation is growing well in education, technology, employment and development aspects with highly valuable and visioned initiatives of the Union Government. While addressing the students of JSS College of Arts, Commerce and Science, Ooty Road, Mysuru, in the 'Programme on skill development and interaction with students' on 24 March 2023, the Union Minister of State for Skill Development and Entrepreneurship and also the Minister of State for Electronics and Information Technology, Sri Rajeev Chandrasekhar spoke that the system just narrating the schemes without implementing completely has squashed and under the New India scenario developments are taking place in various sectors. He presented a comparative speech between Old and New India by mentioning about effective implementations of schemes for getting spontaneous, corruption- and intermediate- free fruitful outcome to the beneficiaries, growing up of banking sectors, advanced rail transportation, achievement for building the 5G networks, etc. He highlighted about the efforts of Indian Government in the achievement of production of 100% made in India Mobile Phones and ability of exporting of 90,000 Crores of Apple i-phones in an year, robust and timely actions to combat COVID crisis, improving the economy, the commanding and ably leading the unprecedented situations, etc. He opined that India has become superior over US, UK and China in terms of strategic development took by individual country

for economy. He said that India is in commanding position after overcoming the COVID epidemic pandemic condition in 2020 and in China still the 5th and 6th lockdowns are on. He has applauded the efforts of the country for delivering more than 210 Crores of Made in India vaccination doses. He also highlighted about the India's admirable position and contribution to Foreign Direct Investment and Fast growing technology sectors. He advised the students to undertake relevant add-on skill oriented courses for getting best suited for employment opportunity.

Sri Rajeev Chandrasekhar interacted with the students on Skill Development programmes and Entrepreneurship opportunities available through Union Government.

More than 500 postgraduate students took part in the programme.

Mr. Vinay Bidari, Secretary of State, BJP, Sri Srivatsa, President, BJP, Mysuru City were took part in the programme. The Director and Assistant Director of College Education Division of JSS Mahavidyapeetha Prof. R. Mugeshappa and Mr B Niranjana Murthy, respectively, were also present.

The Chief executive of the college Prof. B.V. Sambashivaiah welcomed with a concept note. The Principal Prof. M.P. Vijayendra Kumar proposed Vote of thanks. Ms. Vasavi rendered invocation. Dr. N. Rajendraprasad compered.

Prof. M.P. Vijayendra Kumar

Report of One Day National Level Seminar on Research Methodology organized by college in association with Karnataka State Higher Education Council on 24 June 2023

JSS College of Arts, Commerce and Science, Ooty road, Mysuru-25 in association with Karnataka State Higher Education Council (KSHEC) organized One Day National Level Seminar on Research Methodology on 24 June 2023. The Higher Education Institutions of India have been directed by UGC to organize activities under Jan Bhagidari G20 Presidency of India. One of the themes of G20 comprises Education and Research. In this respect, the College took the initiative to organize the event. The programme was inaugurated by Col. Prof. Y.S. Sidde Gowda, Vice Chairman of KSHEC and Former Vice Chancellor, Tumkur University. In his inaugural speech, Prof. Sidde Gowda said that proper exposure is required in the knowledge century to tackle the challenges of tomorrow. Knowledge creation, knowledge accumulation and knowledge assimilation is possible only when innovative and creative mind is applied. Every researcher must strive hard to bring quality change and this comes only with commitment, said Prof. Sidde Gowda. More emphasis has to be given to those areas of research which are advantageous to the society at large. He called upon the young researchers to develop curiosity and involve in innovative works. Prof. Sidde Gowda recalled his association with JSS institutions for more than 35 years.

Prof. B.V. Sambashivaiah, Chief Executive of the College presented the concept note wherein he highlighted the milestones of the College and the idea behind organizing this event. He also highlighted about the G20 and the India's presidency and the various themes involved in it. Prof. Sambashivaiah said that a good research methodology is a key to sound research output. To operationalize the vision, there is need to train, reorient and reactivate the research scholars on research methodology.

Presiding over the function, Prof. D. Anand, Director, College Development Council, University of Mysore brought to the notice of the audience about the research's stand in today's academia. He expressed that the topics chosen for the seminar are very appropriate to bring quality in academic research. He said that "the research is nothing but searching for truth and facts and the knowledge is like riding a bicycle that needs continuous pedalling". The Seminar will feature different Technical Talks by resource persons from various organizations.

Prof. M.P. Vijayendra Kumar, Principal welcomed the guests and others. Ms. Sannidhi and team rendered invocation. Dr N. Rajendraprasad, IQAC Coordinator and Organizing Secretary compeered and proposed vote of thanks.

In the first session the renowned Professor of Department of Computer Science of Manasagangothri, University of Mysore, Mysuru, Dr. D S Guru delivered a talk on Research: Civilization to DataScience (Fourth Paradigm of Science). Prof Guru took the audience to the

insights and impact of research for the developments happened in the world since the beginning of civilization to DataScience. The contributions of various research achievers to the field of science.

Dr. Sunil M V of Sri Dharmasthala Manjunatheshwara Institute of Management and Development, Mysuru spoke on the topic 'Operations of Literature Review for Research'. Various tools useful to undertake the review of literature were illustrated in the session.

In the third session, the Chairman of Department of Statistics of University of Mysore, Mysuru, Prof Sreenivasan Ravi delivered talk on the topic 'Academic Research and its Quality'. Pathway of conducting the research work, preparation of original reports, publishing mechanism and process were clearly presented by him.

There were 130 faculty, 29 research scholars, 271 students and 03 industry persons registered and took the benefit of knowledge on research methodology in the seminar.

INDIA IS SPENDING JUST 1.77 PC OF GDP IN R&D: SIDDEGOWDA

Says today's research is just confined to libraries, no field work

EXPRESS NEWS SERVICE
By N. Srinivas

Karnataka State Higher Education Council vice-chairman Col T S Siddegowda said it is unfortunate that India is spending just 1.77 per cent of its GDP on research and development as against the proposed six per cent.

Inaugurating the day-long national seminar on research methodology organised by JSS Arts, Commerce and Science College and Karnataka State Higher Education Council on Saturday Siddegowda said spending less on research and development has resulted in the Indian universities failing to be listed in the top 100 universities of the world. "Even at the national level, only five universities have got the top ISIRI rankings. So, we everyone must strive hard to work towards the quality. It is heartening to know that hardly 50 to 60 per cent of the students are able to find a job matching their qualification. So, students must strive for a total personality development through discipline specific ability enhancement, digital fluency, open elective and value practices to face any situation with confidence," he said.

Stating that students should take up research activities which can be used for societal growth, Siddegowda lamented that today's research is just confined to libraries and no field work.

"In the US, students prepare scholarly papers with citations and apply for patents. We have to realise the knowledge gap between the US and India. We have failed completely in direct practice, as we study more theory and test the ability in the field. Such research activity is of no use. Most of our research papers have definitions of westerners and not Indians. Our students must develop analytical and critical thinking for innovation and excellence," he said.

He said the council is maintaining the quality in higher education across the state. "We have 10 universities and the council is responsible to ensure quality education, implement the NEP 2020 and Rashtriya Uchchatar Shiksha Akademi (RUSA) activities. We are in the knowledge century and have moved from industrial society to knowledge society. Quality research has to cater to the needs of the society," he said.

University of Mysore College Development Council director D Anand and principal M P Rajayendra Kumar were present.

SHRI T S Siddegowda speaks at a national seminar on Saturday in Mysore.

“Inculcating ethics and moral values among students of higher education is highly essential”

– Prof. H. Rajashekar

JSS College of Arts, Commerce and Science, Ooty road, Mysuru-25 conducted UGC's initiative “Deeksharambh” for first year postgraduate students of the College in the Golden Jubilee Hall on 16.02.2023. The programme was inaugurated by Prof. H. Rajashekar, Vice Chancellor, University of Mysore. In the inaugural speech, Prof. Rajashekar said that there are three important segments in the system, namely, society, institution and student community. Among the three, he opined that the student community plays a pivotal role in leading the country. Students enter the institutions with fresh mindset, own dreams and own priorities with an expectation that their future will be brighter. Transition from undergraduate to postgraduation is very challenging as students will have different thoughts and needs the institution's support. In this sense, the higher education institutions play an important role in development of the individual. The institution's goal should be to enrich the knowledge and meet the student's needs. In this respect, Prof. Rajashekar opined that JSS institutions is rendering the yeoman service to the mankind in large.

In his conceptual note, Prof. B.V. Sambashivaiah, Chief Executive of the College brought to the notice of the freshly admitted students the need of organizing the Induction Programme and how it helps the new comers to get acquainted with different aspects of the institution; about the programme; courses; facilities available in the College; and also the ethics and moralities of the College that the students have to imbibe-in. Prof. Sambashivaiah also gave a glimpse of the salient features of the College. Lastly, he expressed that the College is very much thankful to His Holiness Sri Shivarathri Deshikendra Mahaswamiji as well as JSS Mahavidyapeetha for providing continuous support in the overall development of the College.

Prof. M.P. Vijayendra Kumar, Principal welcomed the guests and others. Dr Kumudini Achchi proposed vote of thanks. Ms. Bindushree T.N. and team rendered the invocation. Dr N. Rajendraprasad, IQAC Coordinator compeered. The two-day Induction Programme will be highly beneficial to 520 first year postgraduate students of 15 PG programmes of the College. The two-day event will feature different Technical Talks by both outside and in-house resource persons covering different aspects as laid down by UGC.

REPORT OF INDUSTRY-INSTITUTE INTERACTION AND STUDENTS SKILL DEVELOPMENT PROGRAMME

An Industry-Institute Interaction and Students Skill Development Programme was organized by Internal Quality Assurance Cell of JSS College of Arts, Commerce and Science, Ooty Road, Mysuru in Association with Confederation of Indian Industries- Industry Institute Interaction Panel (CII-III), Mysuru Zone on 17 December 2022. Mr. Utsav Agarwal, Director, Boruka Fabcons Pvt Ltd, has addressed the students in the inaugural programme. Mr. Utsav spoke that the students have to not only obtain degrees but also have to acquire multitask knowledge to get prioritised by the employer. The faculty have to devote to provide a most value based and skill-based education for students. Students have to be very clear and transparent in conveying the thoughts. He stressed upon the wider scope for Indian students to improve World Economy in the future 10 years. He called the students to have positive mindset, hardworking and converting ideas into projects ability and to keep updating of current and required skills. He opined that the quality of having personal branding makes a sense to the best in grabbing of opportunities.

Mr. Santosh Gundapi, Managing Director of AT & S India Pvt Ltd, Mysuru has delivered the keynote address. He advised the students to pick the best out of the choice for studies as per the individuals' ability and rights of learning. He felt the necessity of obtaining the education with good attitude, creativity, best passion of learning, and fearless nature to expose the knowledge. Mr Gundapi suggested the students to be bold and self-confident. He mentioned to understand the recruitment and interview process, activities of industry and to apply for job as per the suitability of valid skills. He emphasised on the greater needs for MoUs between Industries and Institutes.

Prof. B V Sambashivaiah, Chief Executive, in his presential remarks said that students should make use of the opportunities provided through such programmes. In his speech he mentioned about the initiatives taken by the Central and State Governments to enhance the skilled graduates. He advised the students to make use of opportunities to improve the capability to get top preference for employment.

The Principal Prof. M.P. Vijayendra Kumar welcomed the Guest, dignitaries and others. Ms. Radhika Hardikar rendered invocation. The IQAC Coordinator Dr. N. Rajendraprasad proposed Vote of Thanks. Placement officer Dr Prakash compered.

Dr. M. Dharma Prasad, CEO & Chief Scientist, Prosetta Bioconformatics Pvt Ltd Mysuru, Dr. Navin Patel Associate Vice President, Head of Architecture Academy, Infosys Ltd, Mysuru and Mr. S. Ranganathan, Chief Financial Officer, Automotive Axle Ltd, Mysuru, have delivered their expertise talks on Soft Skills for Industry, Skills for IT Industries, and Financial Management Skills in different sessions for students benefit.

There were 50 teachers and 500 students present in the programme.

**Report of
Skilling Programme for Business Process Management (BPM)**

Mr. Karthigan Munuswamy, Associate Director, Talent Acquisition, firstsource Ltd, Bengaluru has advised the undergraduate students in the Skilling Programme on Business Process Management organized by the Internal Quality Assurance Cell of JSS College of Arts, Commerce and Science, Ooty Road, Mysuru in association with NASSCOM-Futureskills and firstsource Ltd on 17 November 2022.

It was highlighted in the speech of Mr. Karthigan Munuswamy that, business process management (BPM) industries are going to be boomed up for employment opportunities of young graduates in forthcoming years in India through National Association of Software and Service Companies' Future Skills Prime programme under the initiatives of 'Skill India' of Ministry of Electronics, Information and Technology, Govt. of India. Graduates attributing the good communication, problem solving, analytical and business development skills are given top priority for hiring by BPM industries with high offerings.

Mr. Vineeth Kumar, Senior Manager, Human Resources, firstsource Ltd, spoke on deep dive on BPM industry in India. He has brainstormed about the opportunities, roles, work responsibilities, growth, importance of stability and benefits in Associate, Consultant, Analyst, Manager, Senior Manager and other top levels at BPM industries.

Mr. Dinesh Kumar Panigrahi, Regional Lead, NASSCOM, Bengaluru illustrated about Overview of FutureSkills Prime programme. Ms. Priya George, Senior Manager BPM, NASSCOM, Bengaluru, spoke about the salient features of BPM associate Programme. Mr. Sathish M, Customer Success Manager, FutureSkills NASSCOM, Bengaluru, demonstrated about the training and placement activities for BPM industry. Ms. Palak of NASSCOM was also present.

The Chief Executive Prof. B.V. Sambashivaiah welcomed the guests and all those gathered. Principal Prof. M.P. Vijayendra Kumar proposed Vote of Thanks. IQAC Coordinator Dr. Rajendraprasad compered.

Fifty teachers and more than 500 final year undergraduate students were participated in the programme.

Report on
NAAC Sponsored Online Two Day National Level Conference on
“Teaching, Learning and Evaluation Methods: Traditional to Blended
Approaches”
held on 11 and 12 July 2022
Organized by the IQAC of the College

The IQAC of JSS College of Arts, Commerce and Science, Ooty Road, Mysuru-25 has organized a NAAC sponsored Online Two Day National Level Conference on Teaching, Learning and Evaluation Methods: Traditional to Blended Approaches on 11 and 12 July 2022. The conference was inaugurated virtually by Prof. Ved Prakash, Former Chairman, UGC, MHRD, New Delhi who in his keynote address expressed that understanding the philosophy of the subject is very important in order to know the progress of knowledge. He felt that the academic standards should be set in higher educations in order to achieve success in teaching-learning.

A student before studying the subject/ course must know the impotence, limitations, learning aspects of that subject and also they should compare it with other subjects so that they get complete picture about the subject. He further emphasized that certain academic standards should be laid in higher education institutions in order to achieve success in teaching-learning and he stressed that this has to be implemented as early as possible. To bring this into practice, such an approach is required which encompasses interest, scope, learning outcomes, pedagogical tools, performance of students and teachers in the subject so that real potential of every student can be measured. Finally, he called upon all the stake holders to take right decision at the right time to make the students to be ready to face the competitive world. This can be done effectively by incorporating specific values in teaching-learning.

Presiding over the inaugural programme, Prof. G. Hemantha Kumar, Vice Chancellor, University of Mysore stressed upon the significance of NEP-2020 in the present day scenario and how it is going to help students in future to

develop the skills and also to get employed. Continuing the speech, he said that by making in-person and online learning complementary, blended learning creates a truly integrated classroom where the needs of all types of learners can be met. Keeping students engaged, stimulated, and motivated also helps teachers to be more effective and make greater gains with their students.

Ms. Yashaswini and group rendered the invocation. Prof. B.V. Sambashivaiah, Chief Executive welcomed; Principal, Prof. M.P. Vijayendra Kumar proposed vote of thanks. The IQAC Coordinator and Organizing Secretary Dr. N. Rajendraprasad compeered the programme.

In the two day event, there were five technical sessions by resource persons from different parts of the country to share their knowledge. On both the days there were eighteen oral presentations by the participants from different institutions of the country.

In the first Technical Session, Prof. Vimal Rarh, Project Head & Joint Director, Guru Angad Dev Teaching Learning Centre of MHRD, Delhi University, spoke on the topic Technology and Outcome Based Education @ NEP 2020. In this session Prof. Rarh gave a scintillating presentation on the advantages of technology adaption for better learning process.

The second session was delivered by Prof. A. Balasubramanian (Retd.), DOS in Earth Science, University of Mysore, Mysuru. He has demonstrated the various best practices for outstanding teaching process and calculation modules for Rubrics.

Prof. Amita Pandey Bhardwaj, Director, Teaching Learning Centre, School of Education, Sri Lal Bahadur Shastri National Sanskrit University, New Delhi, has presented her talk on Methods of Assessment. She has illustrated various modes of assessment patterns including direct and indirect models of assessment.

A session by Dr. Vimal Jerald of St Joseph's College, Trichy was on Learning Management System (LMS) for Smart Sharing of Knowledge, Assessment and Evaluation. Different LMS platforms and their execution and applications have been illustrated by him.

Since, the higher education institutes (HEIs) are very serious now a days on getting accredited for exhibiting quality culture, NAAC is emphasizing to throw interest on deliberating the assessment and accreditation methodology under the revised framework. In this direction, A session by Dr. Priya Narayan, Deputy Director, NAAC Bengaluru, has been devoted solely for Assessment and Accreditation Methodology in Revised Accreditation Framework of NAAC. Dr. Priya Narayan clearly and informatively projected all the dimensions and process steps of assessing the HEIs based on performance in seven criterions.

Eighteen presenters were witnessed the progress of studies in relevant to the themes of this conference by ORAL presentation. The topics, content and mode of deliver were appreciable. Three best papers have been awarded and honoured with certificates.

The number of participants registered were 274 and of which 61 from outside Karnataka State.

The conference was concluded with consolidated speech by Dr. N. Rajendraprasad, IQAC Coordinator and Organizing Secretary and by announcing and awarding Best Paper Awardees.

The college is indebted to show deep sense of gratitude to NAAC for having sponsored this conference with financial aid.

The Resource Persons have been acknowledged by the college and honoured with certificates. The participants were also given certificate of appreciation for having participated in the conference virtually.

Report of
Five Day Nano Entrepreneurship & Skill Development Programme

There is a huge demand for becoming Entrepreneur through the various skills of present-day youths. The graduates and postgraduates have to emphasize on turning their life in becoming Entrepreneurs by utilising innovative skills they built in. Mr. C. Jagannatha, District Skill Development Officer, Mysuru District, spoke in the inaugural programme of the "Five Day Nano Entrepreneurship & Skill Development Programme" organized by the Start-up and Innovative Cell of JSS College of Arts, Commerce and Science, Ooty Road, Mysuru under the aegis of IQAC. He advised the students to get updated with the current developments happening in the world in the subject domains, technology and markets. He stressed the students to understand the needs and to have knowledge in multi-disciplinary approach. The schemes of Union and State Governments are throwing light on individuals for the personal growth by encashing the opportunities. The efforts put by successful entrepreneurs such as Amazon, Big Basket and others have been instanced by him. He said that the students have to undertake themselves for SWOT analyses and have to emerge as Entrepreneur in their expertise area or skilled commodity. He advised to understand the steps and formalities in obtaining Trade Licence to start Entrepreneurship or any business.

The Chief Executive of the College Prof. B.V. Sambashivaiah was the President of the inaugural programme. He described the importance of Skill Development and Training Programmes on Entrepreneurship especially in India. He felt that there are more than 50% of youths out of 1.3 billion population have to be directed in proper manner for their sustenance in life. He spoke illustratively about the opportunities, challenges and risks in starting Start-ups or

in becoming as Entrepreneur. He opined the need of various classroom coaching and training programs for students to enhance the knowledge about the discovery, evaluation, planning, resource development, management/administration tasks and harvesting process in Entrepreneurship business. He insisted to build strength and to be fearless to succeed as entrepreneur. He advised the individuals to build confidence in bringing the innovative idea as a successful venture through high vision, able leadership skills and open mindedness.

The CEO of Spoorthy Performance Solutions, Mysuru, Dr. Kumar R N and the Principal of the college Prof. M.P. Vijayendra Kumar were present as the Guests of Honour. Ms. Sushmitha rendered invocation. Dr. Mahadeva Swamy compered. Dr. Rajesh proposed Vote of Thanks.

There were 20 teachers and 100 students present in the programme.

Prof. M.P. Vijayendra Kumar
Principal

DEPARTMENT OF CHEMISTRY-UG Report of Special Lecture Programme

Subject: Career opportunities after graduation - 06.03.2023

A Special Lecture was organized by UG Department of Chemistry, JSS College of Arts ,Commerce and Science on March 03 2023 at Seminar Hall, JSSCACS, Mysore.

Smt C S Pushpa ,Asst. Professor, Department of Chemistry, JSSCACS, Mysore, welcomed the guest and Mr. D S Prabhakar Asst. Professor, Department of Chemistry, JSSCACS, Mysore introduced the guest and the dignitaries on the dias. Mr Siddaraju Assistant Professor, DOS in Chemistry, Maharanis Science College for Women Mysore presented his talk on Career opportunities after graduation. His talk was mainly concentrated on various competitive examinations both in state and central government sectors. His talk was mainly based on

- Pursuing after graduation
- Getting job
- Becoming self employed
- Finding an internship

Planning for an exam was the main idea behind the success of every aspirant. To climb the barriers certain plan of action was also discussed with the students. Faculty of the department and the students actively participated in the seminar. In the end he concluded his talk with a note "To get profit without risk, experience without danger ,and reward without work is as impossible as it is to live without being born".
