

FEEDBACK POLICY

Prelude

JSS College of Arts, Commerce, and Science is committed to maintaining a dynamic and relevant curriculum that meets the evolving needs of students and the demands of the professional world. This smart feedback policy is designed to gather valuable insights from various stakeholders, including students, teachers, academic peers, alumni, parents, and employers, to continually enhance and optimize our academic programs.

Feedback Mechanisms

Students:

Regular feedback sessions will be conducted at the end of each semester through either offline or online surveys. Specific questions will address course content, teaching methodologies, assessment methods, and overall satisfaction. Opportunities for open-ended comments will be provided to capture qualitative feedback.

Teachers:

Periodic surveys will be administered to faculty members to assess the effectiveness of the curriculum. In-depth interviews with faculty members will be conducted to gather qualitative insights on areas of improvement.

Academic Peers:

Peer reviews of select courses and programs will be conducted annually to bring an external perspective. Collaborative forums and workshops will be organized for academic peers to share best practices and offer constructive feedback.

Alumni:

Alumni will be surveyed annually to assess the relevance of the curriculum to their professional experiences. Alumni interactions and focus group discussions will be organized to gain deeper insights into the impact of the curriculum on career development.

Parents:

Annual parent meetings will include discussions on the curriculum to gather parental perspectives. Feedback forms will be distributed during key academic events to capture parental insights on curriculum effectiveness.

Employers:

Feedbacks are collected from employers. Employer surveys will be conducted to evaluate the alignment of the curriculum with industry requirements.

Data Analysis and Actionable Insights:

A dedicated committee will be formed to analyze feedback from all stakeholders. Quantitative data will be analyzed using statistical tools, and qualitative insights will be compiled for thematic analysis. Actionable recommendations will be identified, and an improvement plan will be developed based on the feedback received.

Continuous Improvement:

Regularly scheduled curriculum review meetings will be conducted based on the feedback received. The curriculum development team will incorporate constructive feedback into future course designs and updates. Annual reports on improvements made as a result of feedback will be shared through college website for public disclosure.

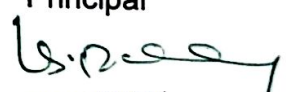

Communication and Transparency:

A transparent communication strategy will be implemented to inform stakeholders about the outcomes of the feedback process. Periodic updates will be shared through newsletters, college website, and social media platforms to keep all stakeholders informed about changes and improvements.
