- The feedback was taken anonymously using an online software
- The analysis report was prepared and shared by the vendor to the IQAC team
- It was observed that while in most of the areas the curriculum seemed to be okay, there were few areas where concern was expressed, such as alignment of questions, flexibility of assessment, adequacy of essential questions, curriculum and syllabus, learning objective
- In addition, the IQAC has also resolved to ask the concerned departments to start a certificate course to address the curricular gap
