Press Report

Present day skilled and smart students are future power of India

Mr. Sam Cherian

Chairman, CII Mysuru Zone

The students of present generation must adopt unique skills to shoulder the responsibilities to build and elevate India to the top in the globe. Knowledge, and skills for execution of situation, leadership and problem-solving qualities are the ethos of a perfect man. The Chairman of Confederation of Indian Industry of Mysuru Zone, Mr. Sam Cherian has inaugurated skilling programme on 'shaping of students for employment in industries and Entrepreneurship' organized by JSS College of Arts, Commerce and Science, Ooty Road, Mysuru under the aegis of IQAC in association with Confederation of Indian Industry-Industry Institute Interaction and Higher Education Panel, Mysuru Zone as one of the G20 Jan Bhagidari events. Mr. Sam advised the young students to adopt essential skills for innovation and thus to succeed in the competitive world. Mr. Sam stressed on ten important components of active learning, viz, critical thinking, need based education, innovative mentality, communication skills, collaborating ability for sustenance, personal management for growth of individual and society, enquiring capability for better setting the platform of opportunity, essence and wider knowledge on technology, and state of the art for creativity. Mr. Sam briefed about the future perspectives for young minds of India to compete in the world in a smart way.

The Chief Executive of the college Prof. B.V. Sambashivaiah presided over the inaugural function. In his inaugural speech Prof B V Sambashivaiah drew the attention of students by enlightening about importance of various skills required for current job market in industry and to start business ventures. He has

highlighted about the efforts of Ministry of Skill Development and Entrepreneurship of Government of India in the level of country to powerful India by removal of disconnect between demand and supply of skilled manpower, building the vocational and technical training framework, skill upgradation, etc. He threw light on the cumulative age of populations in the globe. As expressed by Prof. Sambashivaiah, India is one of the youngest nations in the world. It was impressive message from Prof.Sambashivaiah that the average age of the population in India is 29 years as against 40 years in USA, 46 years in Europe and 47 years in Japan. Prof.Sambashivaiah called the students for acquiring the essential skills mandatorily to perform and set at the top as Indian industrialization era is at the embracing level in forthcoming days.

Mr. Raghvendra Kadkol of Infosys and Mr. Rajath Agarwal of Bhoruka Extrusions Ltd of Mysuru have delivered the skilling lectures in the two sessions after inaugural function.

More than 450 postgraduate students, 45 faculty and 10 research scholars were participated in the programme.

Principal Dr. S. Prathibha welcomed. IQAC Coordinator and Organizing Secretary Dr. N. Rajendraprasad compered and proposed Vote of Thanks. Ms. Sannidhi and team compered.

Principal
